

Discussion Of The Committee On Daubert Standards: Summary Of Meetings

APPENDIX A

COMMITTEE BIOGRAPHIES

Margaret A. Berger, Co-Chair, A.B., Radcliffe College, J.D., Columbia University School of Law, is the Suzanne J. & Norman Miles Professor of Law at Brooklyn Law School in Brooklyn, New York. Professor Berger is widely recognized as one of the nation's leading authorities on evidentiary issues, in particular scientific evidence, and is a frequent lecturer across the country on these topics. She is the recipient of the Francis Rawle Award for outstanding contribution to the field of post-admission legal education by the American Law Institute/American Bar Association for her role in developing new approaches to judicial treatment of scientific evidence and in educating legal and science communities about ways to implement these approaches. Professor Berger recently completed her service as the Reporter for the National Commission on the Future of DNA Evidence's Working Group on Post-Conviction Issues. She has been called on as a consultant to the Carnegie Commission on Science, Technology and Government, and served as the Reporter to the Advisory Committee on the Federal Rules of Evidence. She is the author of numerous amicus briefs, including the brief for the Carnegie Commission on the admissibility of scientific evidence in the landmark case of *Daubert v. Merrell Pharmaceutical, Inc.* She has also contributed chapters to both editions of the Federal Judicial Center's Reference Manual on Scientific Evidence (1994, 2000). Her textbook, *Evidence: Cases and Materials* (9th ed. 1991) (with Weinstein, Mansfield and Abrams), is a leading evidence casebook. Professor Berger has been a member of the Brooklyn Law School faculty since 1973. Her past service on
