POETRY

"Do not let the fact that David Hernandez is one of the funniest poets at work today mislead you into thinking 'comic' poets can't also be learned, wise, socially aware, and capable of deep pathos. Hernandez possesses all these qualities—in abundance. His new book is nothing short of dazzling."
—DAVID WOJAHN

"Hernandez is a poet writing to us from poetry's epicenter—where music invents itself, and the psyche and the sensory world are one. These poems speak with such intimate authenticity that the reader and the words are never separated by more than a breath—and yet they're overheard, perhaps not really meant for readers at all, which lends them their uncanniness. These are major, important poems."
